

## MEMBER SCHOLARSHIP

# Sponsorship Opportunities

Open the Door to Belonging.

**Your business can help a local adult with  
disabilities access a full year of  
connection, life-skills learning, and  
community at The HIVE.**

# Why this matters

For too many families, the barrier is not willingness. It is access.

For adults with intellectual and developmental disabilities, meaningful opportunities for continued growth, social connection, and support can become much more limited after school services end. Families are often left piecing together next steps while navigating long waits, financial strain, and too few inclusive options.

## **That is where The HIVE steps in.**

The HIVE provides a welcoming, research-informed community where adults with disabilities can continue learning, build confidence, strengthen daily living skills, develop friendships, and experience true belonging. A scholarship does more than cover membership. It helps remove barriers that too often leave individuals and families isolated from the support, connection, and opportunities they need to thrive.

A scholarship opens the door to growth, dignity, community, and belonging.

# The HIVE Difference

## More Than a Membership

At The HIVE, membership means more than attending a program.

It means *friendship*.

It means *confidence*.

It means *skill-building*.

It means *community inclusion*.

It means real **belonging**.

For many families, cost can stand in the way.

Your sponsorship helps ensure that financial barriers do not keep someone from participating in weekly programming, social opportunities, and meaningful connection throughout the year.

When you sponsor a scholarship, your impact reaches beyond one individual. It strengthens families, reduces isolation, and helps build a more inclusive community for everyone

## Local impact. Personal impact. Lasting impact.

A scholarship can mean the difference between staying isolated and finding a place to grow, connect, and belong.

# What Scholarships Support

## **PROGRAMS THAT BUILD LIVES, NOT JUST SCHEDULES**

*Scholarship support helps members access programming that strengthens the whole person.*

### **INDEPENDENT LIVING**

Cooking, routines, responsibility, practical life skills, and greater day-to-day confidence.

### **SELF-ADVOCACY**

Learning to speak up, make choices, understand personal rights, and use one's voice.

### **WELLNESS AND SAFETY**

Healthy habits, emotional regulation, boundaries, coping tools, and personal safety.

### **SOCIAL CONNECTION**

### **COMMUNITY ENGAGEMENT**

### **CAREGIVER SUPPORT**
