

**Fall 2020**

**Modified Schedule:**

<b>WHEN</b>	<b>WHERE</b>
Monday 9:00 - 11:30 AM	The HIVE Clubhouse
Monday 12:30 - 3:00 PM	The HIVE Clubhouse
Wednesday 12:30 - 2:30 PM	Outdoors (backyard, local park, etc; locations will change)

**What You Can Expect:** *We are absolutely still planning to make it fun! But here are some things we are doing to ensure everyone's health at safety...*

MONDAYS AM & PM our staff will:

- Staff will wear masks and take all recommended precautions
- Limited number of people in building
- Only members and former members may attend (no new members taken at this time)
- Temperature checks and masks will be required for each person to enter
- Lock doors during sessions to discourage outside visitors dropping by
- Each table provided with: marked seats; box of tissues; hand sanitizer; "dirty" bin for used materials (to be sanitized by staff prior to returning to shelves); trash receptacle
- Masks required to enter and move throughout the building and may only be removed while seated at marked spot at table
- We will ensure only one "set" of attendees per table
- We will monitor that attendees stay at marked seats and don't move table to table
- EWe'll ensure all attendees who are not seated together remain more than 6 feet apart
- Sanitize bathrooms after each use
- Tables, chairs, and all classroom materials will be sanitized prior to/following each session

WEDNESDAYS we will:

- Notify you ahead of time where we will meet
- Ensure all attendees are greater than 6 feet apart especially if unmasked

**We will also do our best to keep everything light hearted and positive! We want to make sure everyone is safe while trying to maintain the good energy we have always had at the HIVE.**

Where did we get these guidelines? We are following guidelines from Team Kentucky, Kentucky Public Health, and the CDC, as well as advice from local physicians. We want to be open, but we want to do it safely!

## What We Need From You:

*To make this work and keep everyone safe, including our staff, we will need your help, too!*

- 1) Sign and return the required documents
- 2) Read through everything and talk with Laura or Kathy if you have any questions prior to signing up to attend
- 3) Be prepared or prepare your loved one that things will be different than usual and it is very important that everyone follow the guidelines
- 4) Understand that everyone has their own personal level of concern about COVID-19 and we all need to be respectful of one another
- 5) Do NOT come or send your loved one if they show signs of illness, even if you think it's allergies
- 6) Do NOT come or send your loved one for 14 days if you have been exposed to someone who tested positive for COVID-19
- 7) Be aware that we as an organization are bound to follow local, state, and federal guidelines and mandates. We have also spoken with medical professionals to seek any additional recommendations to ensure we do all we can to preserve the health of everyone participating without placing undue burden on our members.
- 8) Anyone who needs assistance with personal care in any way, cannot independently follow directions, needs behavior management, or absolutely any other challenge that would require one on one support or close contact must be accompanied by someone qualified to assist them.
- 9) All mentors who accompany members must be prepared to work with their member independently, as well as support them in following the guidelines
- 10) All requirements and protocols apply to every person who enters the building - members; DSP's, parents - everyone
- 11) Standard HIVE rules and expectations still stand! No bullying, no politics, no drama - only happiness, humor, love, acceptance, and support at our HIVE!!!

**With my signature I am agreeing that I have read, understand, and agree to comply with all of the above statements and guidelines in this document. I understand that failure to comply in any way may result in being asked to leave the premises and potential termination of my membership.**
